

Maurice Steger **Das Corelli Projekt**

Information for booking agencies/promoters

The Corelli Project's large collection of sheet music offers concert programs in a wide range of arrangements for a variety of venues.

Whether as a duo recital with recorder and lute/cembalo, as chamber music ensembles (3 to 10 musicians) or as opulent orchestral performances, the project brings to life musical baroque gems from 18th century England that have never been heard before.

The programs include works by Arcangelo Corelli, Francesco Geminiani, Georg Friedrich Händel, Giuseppe Sammartini, Johann Christoph Pepusch and Robert Valentine.

Arrangements

- Recorder & cembalo or lute
- Recorder & continuo consort (3 to 6 musicians)
- Chamber music (string quartet, parte reale ensembles, concerti da camera arrangements)
- Orchestra (period ensembles, chamber orchestra or larger ensembles, all conduct/play)

For the Corelli project, we have prepared around 10 programs in various arrangements. You will find three examples below. We will be happy to discuss the available options and recommend the concert program that best suits you. We will also gladly connect you with our cooperating agencies.

Maurice Steger will be performing the project with The English Concert on selected tours (Season 10/11/12), as well as offering chamber music performances with various artists (upon request). He is also available to lead full orchestras (upon request) with diverse repertoires.

We are looking forward to hearing from you and wish you all the best!
